OLD BUSINESS

New CYSA Website - Ed Fox talked about the web site. FAQ page was set up and will be populated with Lisa's list of items. Email addresses for board members have been hidden. Events calendar can be updated. Discussed permission to use photos of the kids. Maybe permission could be placed on the web-based registration. See if there is a way to sell merchandise from the web site's pages. Suggested a web based entry form for the ratings sheets. Looking to host the site elsewhere to save money. Motion passed to move the host to JaguarPC.com. Need to do this well in advance of the registration time period. Gary Padula needs to help us move the domain name to the new host.

Everyone Ed needs help with new ideas for the webpage, please give it some time so it will come out as professional as possible.

Registration Forms – Several things need to be updated on the registration forms. Remove shirt sizes from the forms, include a permission box for photos to be displayed in newspapers or on line.
